━━━ WORK EXPERIENCE

PetSmart

PetSmart Pet Associate   Aug 2022 - Present

- Quickly handled transactions in a fast-paced environment
- Listened to customers' needs and advised them on pet products
- Implemented planograms and price changes

Plato's Closet

Plato's Closet Buyer   May 2021 - Jun 2022

- Evaluated large volumes of clothing to determine resale value
- Worked with POS system
- Utilized customer service skills as a cashier

━━━ EDUCATION

University of Houston

Bachelor's Degree in Computer Science - 3.45 GPA   Summer 2026 (Expected)

San Jacinto Community College

Associate's Degree in Computer Science - 4.00 GPA   May 2024

━━━ PROJECT

Data Science Project   Winter 2025

- Python program in Jupyter notebook demonstrating data preprocessing and machine learning skills

Operating Systems Project   Spring 2025

- C++ program proving a basic understanding of servers and clients, sockets, forking, and multithreading

━━━ SKILLS

- Programming Languages: C++, Python, some Java
- IDEs: VS Code, Eclipse, jGRASP
- Basic algorithm knowledge: recursion, dynamic programming, greedy algorithms, path finding
- Some knowledge of operating systems, data science, and networking. Currently learning software development and cybersecurity
